Dear Mr. Doane:

Astoria Federal Savings Bank has been using Corporate Electrical Technologies since 1994. Corporate Electric is a very responsible company that has made every effort to ensure that every job is completed in a neat, professional, and timely manner.

Their staff makes sure that all requests are completed and meet budget requirements. They are the only electrical contractors allowed to work in Astoria Federals three data centers. Corporate Electric treats every project as if it were being done in their facility.

It is rare to find a vendor like Corporate Electric. Corporate Electric will be a great asset to any firm that uses them, and I highly recommend them to anyone requesting any type of electrical service.

If you have any questions, please do not hesitate to contact me (516) 327-7572.

Sincerely,

A handwritten signature in black ink, appearing to read 'Sean M. Granholm'.
